Reg. No: AJC20MCA-2071

ACKNOWLEDGEMENT

First and foremost, I thank God almighty for his eternal love and protection throughout the project. I take this opportunity to express my gratitude to all who helped me in completing this project successfully. It has been said that gratitude is the memory of the heart. I wish to express my sincere gratitude to our manager **Rev. Fr. Dr. Mathew Paikatt** and Principal **Dr. Lillykutty Jacob** for providing good faculty for guidance.

I owe a great depth of gratitude towards our Head of the Department **Rev.Fr.Dr. Rubin Thottupurathu Jose** for helping us. I extend my whole hearted thanks to the project coordinator **Ms. Grace Joseph** for their valuable suggestions and for overwhelming concern and guidance from the beginning to the end of the project. I would also like to express sincere gratitude to my guide, **Ms. Lisha Varghese** for her inspiration and helping hand.

I thank our beloved teachers for their cooperation and suggestions that helped me throughout the project. I express my thanks to all my friends and classmates for their interest, dedication, and encouragement shown towards the project. I convey my hearty thanks to my family for the moral support, suggestions, and encouragement to make this venture a success.

SRUTHY VARGHESE

ABSTRACT

Tailoring software is suitable for the tailors and the fashion designers to help them to keep the database of their clients and their orders, measurement styles, payments and their references from them. Stitching is sending notifications to the customer about their orders, delivery status via E-Mail/ SMS. It supports helps to manage all orders/sales, customers, income, expenses, measurements, so you can keep things organized and get a detailed report of your fashion business while you concentrate on other important things. It allows you to keep track of customer's measurements, orders and let you send them SMS when work is done as well as print receipts for them. Stitching Software has kinds of roles to logins such as admin, staff, customer.

Modules

1. **Admin**

- view details of customer
- payment details
- view/edit staff details
- view staff apply for leave
- manage staff

2. **Staff**

- job category
- leave apply
- salary details
- update profile
- customer feedback and suggestions

3. **Customer**

- view product category
- choose fabric
- select styles
- add measurement unit
- ordering
- viewing notifications

- feedback
- contact staff

4. **payment**

- Online Payment

5. **Delivery**

- Customer details
- Location map
